#### Significant Matters

Acted for multinational client that purchased an entire Australian based auto parts manufacturing plant and moved it to Thailand for re-commissioning. Attended to cross border warranty claims and litigation with positive outcomes for the client.

Advised and implemented a total trademark and design registration regime for a furniture manufacturing client that was suffering market distress as a result of Chinese copy imports. Subsequent enforcement proceedings against infringers saved the client's business.

Acted for client in patent dispute involving food sanitisers. Dealt with complex legal chemical arguments and arrived at a commercial outcome that favoured the client.

Advised major manufacturer and reseller of consumer products. Won issues of compliance and assisted in dealing with the regulator on labelling and contents disclosure, thereby avoiding a major costly recall exercise.

#### Areas of Expertise

Intellectual Property – patents, trademarks and licensing.
